

TECHNOLOGY PIONEER/CONSULTANT (M/F/D) SOFTWARE ENGINEERING

Are you interested in the latest technologies, exciting projects and a great team that would like to welcome you into its midst? Perfectly. Then enrich our team!

At Zielpuls we concentrate on a very specific field of activity: technology-oriented management consulting. Our team forms the bridge between strategic consulting and technical service providers. Together, we plan, develop and coordinate complete technological solutions. A substantial understanding of strategic issues, sound technical competence and an enjoyment of new, highly complex challenges make us unique in our field.

Tasks at the pulse of time

- We work on innovative, varied lighthouse projects for our customers, using the latest technologies. In doing so, we are not only a development service provider, but we also help to design the product from start to finish and enable the customer to make the best decisions for his product. two sample projects that we carried out for our customers last year:
- App development in the area of new mobility concepts
- Together with our customer we develop a pilot app

Our offer makes your heart beat faster

- Look forward to a permanent job in an industry where a lot can be done in the future. For you this means: best perspectives from the very beginning!
Tailor-made coaching program for the first months – because your personal support is important to us
- Wide range of training courses via the company' s internal "Technik und Menschen Akademie" – because you can continue your training with us in a targeted manner
Assumption of internal roles possible (e.g. coaching, recruiting...) – if you want to get involved outside of your projects
- Very good remuneration and a comprehensive package of attractive company social benefits – because we appreciate your daily commitment
- An open and friendly corporate culture with flat hierarchies and short paths – because only then can your ideas be implemented quickly
- Flexible, family-friendly working hours – so that you can pursue your job without worries
- Numerous company events – so that we as a team can grow together even more
- Free drinks and fresh organic fruit – so you can get through the day healthy
